Premium+

TRUCONNECT® PREMIUM+

TURN YOUR LIFT TRUCK SMART CONNECTED!

Activate TRUCONNECT® Remote Monitoring on your lift trucks to track their conditions and usage in real time, getting insights from this data to optimize operational efficiency and increase productivity. Upgrade to TRUCONNECT® Premium+ to enable the monitoring of oil quality and contamination, moving towards condition-based maintenance instead of scheduled maintenance.

HOW TRUCONNECT® PREMIUM+ WORKS.

Ask your Konecranes distributor for detailed information about our Smart Connected Lift Trucks or visit: connected.kcliftrucks.com

BENEFITS.

- Asset maintenance forecasting application;
- Monitoring and maintaining safety in operations;
- Get SMS/email notifications from alerts on the trucks to plan actions to maximize uptime, as well as real time data about tyre pressure, shock alerts, overload attempts, hours left until the next scheduled service, etc.
- Enhance driver performance by identifying training needs for more economical driving and less impact on the environment;
- Control the actual status of the hydraulic oil.

CONTACT.

UPGRADE YOUR EQUIPMENT TODAY.

Konecranes TRUCONNECT® Premium+ can be fitted to any of your Konecranes forklift trucks, empty container handler or reach stacker B or C generation equipped with MDL2 or more recent control system.

Contact your local Konecranes Lift Trucks distributor at kcliftrucks.com/contact or talk to your Konecranes representative and will be happy to take care of everything regarding delivery, installation and setup.
